No. _____

Authority for Expenditure of \$ 1618.00 is requested for purpose of providing temporary
bunk house facilities ~~exp. property~~ at Laramie, Wyoming.
(Station or Location)

Description of project:

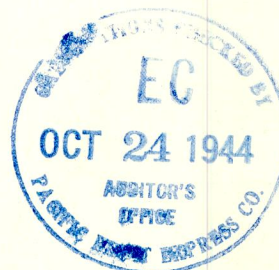

Build 2 portable winter type bunk houses 9' x 40'.

Recommendations:

Local labor supply is exhausted making it necessary to import Mexican Nationals to supplement our limited crews. These men must be provided with living quarters.

Although this situation existed last year the number of men imported was about 25 less than we anticipate will be required this year due to the larger tonnage of ice to be harvested and our experience with absenteeism.

Proposed facilities will provide housing for additional crew required this year.

(Not Included in 1944 Budget.)
